Highly-driven and adaptable Full-Stack Software Engineer delivering innovative solutions

SKILLS

PROGRAMMING LANGUAGES:

• JavaScript • Java • C++

HANDS-ON EXPERIENCE:

FRONT END

• ReactJS • Bootstrap/AntDesign
• CSS5/ SCSS/ Tailwind
• JavaScript • HTML5

BACK END

• JavaScript • ExpressJS
• NodeJS • Prisma ORM
• Postman • PHP

DATABASES

• PostgreSQL
• MongoDB • MySQL

COLLABORATION

• Github

FAMILIAR WITH:

• Android Development
• NextJS • Firebase • Oracle
• Figma • Adobe Photoshop

CORE COMPETENCIES:

• Data Structures & Algorithms
• Teamwork and Collaboration
• Adaptability • Problem Solving

EDUCATION

PCET'S NMIET, TALEGAON

ENGINEERING IN COMPUTER SCIENCE

Nov 2022 - Ongoing | Pune, IN

GOVT. POLYTECHNIC, AWASARI

DIPLOMA IN INFORMATION

TECHNOLOGY

2019 - 2022 | Pune, IN

Agg. **89.38%**

NEM' School

X(SSC)

May 2019 | Ghodegaon, India

EXPERIENCE

ARIV TECH | FULL-STACK DEVELOPMENT INTERN

June 2023 - Present | Bangalore, IN

MERN | PostgreSQL | Prisma ORM | Problem Solving | Ant Design

- Interned as a Full-Stack web developer, developing software solutions for diverse businesses, and organizations (majorly **MERN**).
- Served as a proficient MERN stack full stack developer during the internship.
- Collaborated effectively with a team on GitHub to design and deliver impactful projects.
- Assumed responsibility for writing and conducting code reviews to ensure code quality.

PHN TECHNOLOGIES | WEB DEVELOPMENT INTERN | [Certificate](#)

April 2023 - June 2023 | Pune, IN

JavaScript | PHP | MySQL | MongoDB | BOOTSTRAP | CSS5

- Completed an internship at PHN Technologies, actively involved in developing responsive user interfaces and websites using JavaScript and CSS.
- Ensured the websites were visually appealing, mobile-friendly, and easy to navigate while meeting project specifications.
- Contributed to various projects, gaining valuable experience in design development and enhancing user experiences.

PROJECTS

[SIRI AMBARI](#) [LIVE](#)

REACTJS | POSTGRESQL | NODE | EXPRESS | PRISMA ORM | SCSS | ANTD

- Streamlined Booking Process: Leveraged React to create an intuitive user interface for efficient customer room reservations.
- Collision-Free Bookings: Implemented date validation and room type management using Prisma, ensuring collision-free bookings.
- Room Allocation Optimization: Utilized Postgres to set room type limits, maximizing occupancy and revenue.
- Enhanced Guest Satisfaction: Delivered a seamless booking experience, improving guest satisfaction and hotel efficiency.

[Highschool Admission Portal](#) [LIVE](#)

REACTJS | CSS5 | BOOTSTRAP | MONGODB | FIREBASE | EXPRESS

- Developed a student admission management system website using React with seamless enrollment and document uploading.
- Utilized MongoDB for efficient storage and retrieval of student information.
- Ensured optimal user experience with a responsive design on various devices.
- Used Node.js to create a robust backend for efficient data processing.

[Skill-Vista\(Business Portfolio\)](#) [LIVE](#)

REACTJS | CSS5 | BOOTSTRAP | EmailJS API | FIGMA

- Developed "Skill Vista" portfolio website using React, with Props, Hooks for Lightweight, Fast-loading, and Enhanced User Experience.
- Ensured seamless responsiveness across multiple devices and screen sizes, allowing potential clients to access the portfolio effortlessly.
- Incorporated MailJS API to enable effective communication with clients and streamline email interactions for inquiries and updates.
